

COA'2010 PRAGUE IFAC Symposium on Cost Oriented Automation – Affordable Automation Systems

September 1–3, 2010

www.ifac.cz/coa/

Do not miss the interesting event in Automatic Control
– Submit a Paper or Invited Session
SUBMIT NOW

Important dates

October 15, 2009 Submission site for contributions opens

January 15, 2010 Deadline for full draft Papers and Invited Sessions

March 15, 2010 Notification of the acceptance/rejection

May 15, 2010 Early registration deadline

September 1, 2010 Symposium opening

For additional info visit www.ifac.cz/coa/

COA'2010 - Traditional symposium with refreshed scope:

From ideas to low cost/cost effective automation

● If you are a researcher and your interests include theories, design methods, architectures and development approaches for automation process or equipment aiming to optimize the long term costs then COA'2010 symposium is for you!

● If you are a practitioner working with manufacturing, transportation, distributed or embedded system or instrumentation with costs constraints, then COA'2010 symposium concerns you!

● If you are a lecturer dealing with methods how to reduce expenses of practical training or education of specialists in automatic control, then COA'2010 symposium should interest you!
