Bug #75767

- OS - Windows

- Installation of LibreOffice

- Quickstart of LibreOffice after boot

- Reported: 2014-03-04 18:06

What have I done

- Tried to locate the error

- Wrong input to Window's register?

- I did not figure it out…

- What could have I done better?

  - Have more time
  - Give it more time
  - Choose better topic – something closer to me

That's all…

…thanks for yout attention!
